

**POLIO DRIVE WORKERS—**Shown here are workers in Polio Headquarters in the Radio Building Thursday night as they tabulated funds from the Mothers March on Polio campaign. Working here are Jerry Byrd of the Herring Na-

tional Bank, W. B. Smith of the Waggoner Bank and Mrs. George Hampton, drive captain. Representatives of those two banks and the First State Bank tabulated the returns that brought in almost \$10,500 to combat polio in 1952.

## Mothers Collect Total of \$10,424 in March on Polio

The Mothers March on Polio Thursday night netted \$10,424.40 with more expected to come in during the next few days, according to Mrs. George Hampton, drive captain.

Mrs. Hampton reported that the response over the entire county was "gratifying." She praised all drive workers, saying that it was they who deserved all of the thanks for making the drive a success.

The drive was started at 7 p. m. Thursday and porch lights immediately began coming on even before the sounds of the fire siren which signalled the start of the drive had died away.

Reports from all of the city workers indicated that response to the drive to get funds to combat polio in the county during 1952 ranged from 90 to 95 per cent all over the city.

The drive was sponsored by the Business and Professional Women's Club, assisted by Police Department, Sheriff's Department, Highway Patrol, Fire Department,

Texas Ranger Jim Geer, Junior Chamber of Commerce, the three Vernon banks, Waggoner Estate, Dabney-Harvey Chevrolet, Negro Boy Scouts, Camp Fire Girls and many other workers from all over the county.

Mrs. Hampton reported that approximately \$100 came in Friday morning and she indicated that about another \$400 was expected during the next few days.

Fifty per cent of the money gathered will remain in the county to combat polio here and the rest will go to the National Foundation for Infantile Paralysis.

The \$10,424.40 total represented \$7,448.79 from Vernon proper and \$2,975.61 from rural areas.

The rural area donations were as follows:

Odell, \$233.38; Farmers Valley, \$91.62; Wildcat, \$30.40; Hinds, \$125.89; Oldham and Elliott, \$516.45; Harrold, \$287.33; Tolbert, \$53.35; East Vernon, \$41.50; Lockett, \$651.41; West Vernon, \$234.46; Northside, \$436.68; Rock Crossing, \$132.05; Bourland, \$98.90; and Sharp Gin community, \$42.19.

## Producer of Rex Allen Show Arrives in City on Friday

Lou Fulton, producer and director of the Rex Allen Show, arrived in Vernon Friday afternoon to complete plans for the program at the formal opening and dedication of the \$650,000 Wilbarger County Memorial Auditorium Monday night.

Mr. Fulton spent Friday morning in Wichita Falls completing arrangements to air the Rex Allen Show direct from the stage of the auditorium from 9:30 to 10 o'clock over the CBS Radio Network.

### Brilliant Lights Seen in Texas Skies

(By The Associated Press)

Residents of two Texas cities told of brilliant lights which streaked overhead last night.

P. E. Pierce, engineer and amateur astronomer, saw what he called a fireball just west of Dallas. He said the light could be seen for about 12 seconds before it burst like a giant skyrocket.

Dozens of Dallas residents called police to ask about the object. They said it was bluish-green, traveling from southeast to southwest with a trail behind it.

An unidentified pilot told the Civil Aeronautics Weather Bureau in Tyler of a brilliant "meteor" which flashed across the area southwest between Waco and Mexico. He said he saw the meteor around Shreveport and followed it for 53 seconds before losing it.

### DUE TO RETURN

Mexico City, Feb. 1. (AP)—U. S. Ambassador William O'Dwyer and Texas Gov. Allan Shivers were due to return here today after attending the inauguration of Tomas Marentes as the new Governor of the State of Yucatan. Shivers will remain in Mexico City tomorrow and Sunday, then go to Austin Monday.

## Record Number of Voters Qualify in This County

Poll Tax Receipts and Exemptions Are Near 7,000; May Go Higher.

Wilbarger County residents have smashed all existing records with the combined number of poll tax receipts and exemptions issued here for 1952.

Records at the office of Tax Collector J. R. Huie show that a total of 6,715 receipts and exemptions have been issued for the year.

The figure is not a record as far as poll tax receipts alone are concerned, however, although the 5,307 tops by 40 the total poll tax payments made in the 1948 presidential election year.

The difference lies in exemptions. Exemptions in previous years have been negligible because they were not required.

Because of this situation, Mr. Huie says he is extremely gratified at the number of residents who have claimed exemptions. A total of 1,408 exemptions have been issued.

The record year for poll tax payments, however, was in 1944 when 5,782 voters paid their taxes in order to be able to participate in a special beer election and a presidential election.

The 6,715 total for this year does not necessarily indicate the county's maximum voting strength, Mr. Huie says.

The figure does not take into account voters at rural boxes who will automatically get exemptions. Mr. Huie says these might push the county total close to 7,500 eligible voters.

The law only required over-age voters within the City of Vernon to get exemptions, and they make up a large majority of the exemptions issued by the local tax office, he explains.

Those over-age persons who vote at rural boxes were not required to get exemptions.

Here are how county residents have paid their poll taxes during the past ten years (exemptions are not included in the figures):

1941	2,615
1942	4,430
1943	3,201
1944	5,782
1945	3,657
1946	4,939
1947	4,251
1948	5,267
1949	3,444
1950	4,552
1951	5,307

## Flu Epidemic Is Easing Up

The flu epidemic that has swept through the entire county seems to be decreasing slightly, according to a statement made Friday by Dr. E. W. Featherston, Wilbarger County Health Officer.

Dr. Featherston said that accurate figures were unavailable as to the exact number of cases now in the county.

A report from the State Health Department in Austin showed that new cases the previous week in the county totalled 1,530. Dr. Featherston said that he felt that this figure was "slightly high."

The 1,530 incidence rate for the county placed it second only to Ector County in the State for that week. Ector County listed 1,646 new cases.

Dr. Featherston said that it would take a little more time to be sure that the flu outbreak was definitely on the decline, but he said that it was his personal observation that the number of new cases in the county were diminishing.

Vernon school attendance also indicated that the flu epidemic was abating. A number of students are still absent with the flu, but the number is not as large as in previous weeks.

### ONE PERSON KILLED

Adrian, Feb. 1. (AP)—One person was killed and two others injured last night when their car overturned near here. Killed was Martin Vaughn Arnall, 29, Albuquerque. The injured were Kenneth A. Frederick, 36, driver of the car, and Martha A. Kearney, 28, both of Albuquerque. They were taken to an Amarillo hospital.

## Truce Negotiators Fail To Reach Agreement on Issue Of Handling DPs in Korea

Munsan, Korea, Feb. 1. (AP)—Red negotiators proposed today that the fate of 600,000 displaced Korean civilians be left to the "good faith" of the Allies and Communists.

The Reds (1) turned down a U. N. plan to have neutrals find out where the displaced Koreans want to live, (2) cut the Allied proposal for inspections at 12 ports of entry to three, and (3) did not reply to the Allied selection of Switzerland, Sweden and Norway as neutral observers of a Korean truce.

Rear Adm. R. E. Libby said

"we told them good faith was not enough" guarantee that displaced civilians would be allowed to live where they choose. He said "everything was very amicable except they didn't agree."

The U. N. proposed that neutral teams interview displaced persons after the Reds again rejected a proposal to give the job to the International Committee of the Red Cross. The Communists said they wanted no part of the Red Cross because it is not neutral.

There was no mention of voluntary prisoner repatriation, key stumbling block in the prisoner exchange negotiations.

Staff officers working on truce supervision machinery completed a preliminary study of the Allied working draft.

The official U. N. Command communiqué said the officers "will now attempt to resolve the differences in viewpoints, most of them minor, which have been uncovered."

Among the differences in viewpoint is a disagreement over how many ports of entry should be inspected by neutral teams.

## Vice Probe Slated for February 25

Austin, Feb. 1. (AP)—Investigation of organized crime in line with U. S. Attorney General J. Howard McGrath's orders will begin in the Western Federal District of Texas Feb. 25.

A federal grand jury will be empaneled for that purpose at Waco to find out whether racketeers are flourishing in the 68-county area, the nation's largest federal district, U. S. Attorney Charles Herring announced yesterday.

The jury will have power to subpoena anyone who might choose to ignore an invitation, Herring said.

He named State Public Safety Director Homer Garrison, Jr., and Rep. Fred Merdith of Terrell, House crime investigating committee chairman, as two sure witnesses.

Other officials, city and county authorities, and federal agents will be asked to testify.

Herring said the inquiry might take considerable time because of the large geographical area to be covered. The district extends from above Waco to Del Rio and from Austin to El Paso.

Similar investigations are underway throughout the nation.

## Legion To Honor Heroic Chaplains

The Robinson-Chaney American Legion Post here has joined together with Legionnaires all over the nation in asking the public Sunday to help commemorate the ninth anniversary of the deaths of four heroic chaplains who went down in World War II with the sinking of the SS Dorchester.

The date has been designated as "Go to Church Sunday" through out the nation. Mrs. C. P. McDonald, president of the Legion Auxiliary here, says.

"We urge that all citizens attend the church of their choice and pray to God to hasten the day for enduring peace," she says.

The SS Dorchester was torpedoed in the North Atlantic on Feb. 3, 1943. The chaplains, of various faiths and creeds, gave their life jackets to crewmen who had none and went down with the ship.

## Delay in CAB Hearing on Air Service Here Is Seen

Possible temporary postponement of the Civic Aeronautics Board public hearing on proposed airline service to Vernon and other area towns was indicated Friday by J. C. Randel, president of the Vernon Chamber of Commerce.

Mr. Randel said that an unofficial report had been received here indicating that such a postponement was due.

Three airlines—Central, Pioneer and Trans-Texas—have all filed applications with the CAB to add Vernon to the list of the towns they now service.

## Newbold Morris Is Selected To Lead Big Fight

Appointment Is Made by Attorney General McGrath on Friday.

Washington, Feb. 1. (AP)—The Truman administration today chose Newbold Morris, a self-styled "Abraham Lincoln Republican" to run the governmental "cleanup" drive. Morris accepted the job.

Atty.-Gen. J. Howard McGrath, given over-all charge of the investigation by President Truman, appointed the New York lawyer as his special assistant and promised him "complete, enthusiastic and unlimited cooperation." McGrath himself is under investigation by a House judiciary subcommittee.

Morris, former president of the New York City Council, called on President Truman a short time before the appointment was announced.

Gets Free Hand

He told reporters later he had been given a "completely free hand" to proceed with an independent investigation to determine if there is any misconduct among government employees.

The six foot, three and one-half inch Socialite lawyer, who twice ran unsuccessfully for mayor of New York against Democratic William O'Dwyer, said his job was to make a report giving:

1. "My estimate of the depth and scope of official misconduct."
2. "My recommendations for improving systems and procedures of appointing personnel and supervising their conduct after appointment."

McGrath, announcing the appointment, said it had the approval of President Truman.

The President early this month assigned McGrath the job of cleaning up any remaining corruption in the Government after giving up the idea of appointing an investigatory body outside any regular federal agency.

Given Big Title

Morris will have the title of Special Assistant to the Attorney General.

The appointment will not require Senate confirmation.

McGrath said he has promised Morris "complete, enthusiastic and unlimited cooperation."

Morris is a member of a family important in the political life of New York City and three hundred years. An ancestor, Lewis Morris, was a signer of the Declaration of Independence.

Morris himself has achieved wide popularity as a "reform" lawyer. He was a charter member of the group which swept Fiorello H. La Guardia into power in New York in 1933, and was rewarded by being chosen assistant cooperation counsel for New York.

### Murder Trial at Pecos Continues

Pecos, Feb. 1. (AP)—The state continued its case today in the murder trial of John E. Welch, charged in the January, 1951, slaying of Cpl. Dennis E. Miller. Eleven witnesses appeared for the state yesterday.

Deputy Sheriff Heard Reynolds told of photographing the soldier's body after it was found Feb. 15, 15 miles west of Toyah, Texas.

A Fort Bliss medical officer testified that Miller died of "multiple fractures of the skull."

Earlier in the trial the state introduced as evidence a written statement attributed to Welch in which the defendant said he and Miller had a roadside fight the night Miller was killed.

### FORMER MAYOR DIES

Wichita Falls, Feb. 1. (AP)—James B. Marlow, 78, local real estate man and a former mayor, died yesterday. He was elected mayor in 1918.

## Legion Official To Visit Vernon

Charlie Gibson, Department Commander of the American Legion of Texas, will be principal speaker at a meeting of the Robinson-Chaney Post of the American Legion here Tuesday night.

A resident of Amarillo, Mr. Gibson last visited Vernon in the summer of 1951 when a district convention was held here. Aubrey Rummel, commander of the local post, has urged all members of the Vernon post to be present for the Tuesday night meeting. He said that refreshments will be served following the business session.

### It Wasn't Really Stolen, Man Finds

While serving as a juror in a theft case, Tram Comer reported that someone had "stuffed" a tire and wheel from his car.

Mr. Comer wondered: "What price justice?"

Today, he's convinced that there may be something to this justice deal after all. He found his tire and wheel in his own garage where someone had tossed a raincoat over it.

He can be identified today by a very red face.

Paris, Feb. 1. (AP)—British Foreign Secretary Anthony Eden arrived today for talks with French leaders.

## Home Nursing Course Will Start Monday

The county and city councils of the PTA are jointly sponsoring a new Red Cross course in home nursing which begins here Monday, it was announced here Friday.

The councils are sponsoring this course, and other similar courses which may be started, in order to qualify PTA members for home and family life credits in time for the PTA spring conference, it was said.

Mrs. J. V. Swinney, president of the county council, has urged that all PTA members who can enroll as quickly as possible in a home nursing course so that they may complete the course and receive credit prior to March 15.

Class enrollment is limited to 12. Registration may be completed simply by calling Mrs. Paul Lowke, registration chairman, at Phone 140.

Mrs. E. S. Dockery will instruct the course. Meetings will be held on Mondays, Wednesdays and Fridays from 1 to 3 p. m.

### Grand Champ Steer Sells for \$18,600

Houston, Feb. 1. (AP)—Bill Williams, Houston restaurant man, set a record today when he purchased the grand champion of the Houston Fat Stock Show for \$18,600.

The former record was \$17,800, paid last year by Oilman Glenn H. McCarthy.

Maurice Lefestee, 20, Mason, was the owner of the 1130-pound steer. He said he believes he will split the auction with his father and brother.

## Record Number of Texans Qualify to Vote This Year

(By The Associated Press)

A record number of Texans qualified themselves to vote this year in the crucial national and state elections.

Until the deadline at midnight tax collectors and their deputies were swamped in almost every city writing out poll tax receipts.

Poll tax payment records were smashed in every section of the State.

Public officials offered varied opinions as to the cause of the demonstration by voters but all agreed on one point—more Texans than ever before want a voice in selecting national and state leaders this year.

"People have discovered that government cannot be left to the politicians," said James E. Wheat, Woodville, Democratic executive committee chairman.

The record poll tax sales "indicate a lot of people are not satisfied with national politics and increased taxes," said Secretary of State John Ben Shepperd.

The boost "means that the people of Texas are determined to sweep Mr. Truman and his Missouri gang out of Washington," said Jack Porter, Houston, an Eisenhower-for-President leader.

"I am confident that in certain parts of the State, the big jump in poll tax payments has been a direct result of the activity of loyal Democrats," said Fagan Dickson, Austin, a leader of Loyal Democrat forces which have been labelled "Trumanocrats."

The State's record of 1,700,000 qualified voters in the presidential election year of 1948 seemed sure to topple.

In the big cities of Houston, Dallas, San Antonio and Fort Worth alone, the midnight estimates of poll tax sales plus exemptions totaled 780,000. This compares to a voter strength of only 587,000 in the same four cities in 1948.

## Hiring of Rainmaker Talked At Farm Meeting at Hollis

Rainmaking, the scientific variety, was the chief topic at a meeting held in the LaVista Theater in Hollis, Okla. Thursday.

After two hours of discussion and demonstration representatives from nine counties elected Floyd Roberts, president of the Harmon County Farm Bureau, as temporary chairman of a proposed water improvement district.

No definite plans to hire a rainmaker were made, but representatives returned to their respective counties to see if enough farmers were interested to justify entering into a rainmaking venture.

Another meeting is slated for Feb. 14 at the Mangum, Okla. High School. Progress in the different counties will be reported at this meeting, and Dr. Irving P. Kriek, noted meteorologist, rainmaker, and long range weather forecaster, will appear in person.

Based on five million acres, the cost of employing the rainmakers is one cent per acre for one year's operation with 100 per cent participation, according to Ford Hubbard who addressed the Hollis meeting as a representative of Dr. Kriek.

These figures on costs mean that Dr. Kriek's organization receives \$50,000 for a year of long range forecasting and rainmaking by his weather specialists, they do not guarantee to make it rain.

Silver iodide generators are used to seed clouds in Dr. Kriek's method of encouraging rain. Factory coke, impregnated with silver iodide, is burned in these generators to send the material up into the clouds.

At the Hollis meeting Hubbard demonstrated this method of cloud seeding by using a nine cubic foot food freezer to represent the atmosphere, a match saturated with silver iodide for the generator, and his breath to make a cloud of moisture.

Hubbard demonstrated that his breath hung in the air unchanged before the coated match was

In Houston about \$100,000 in poll tax receipts was taken by the office of Tax Assessor and Collector Carl S. Smith in the three hours before midnight.

"I'm still hoping for 300,000 but I can see 275,000 for sure," Smith said. He guessed the final check would show about 40,000 or 50,000 in exemptions. The previous Harris County record was 221,000 in 1948.

The Dallas County poll tax committee was optimistic of reaching its goal of 250,000 when all poll tax payments and exemptions were counted. The previous 1948 record of 141,000 qualified voters was passed several days ago. There were so many applications for poll tax receipts that the county tax officer had to mimeograph extra forms.

Tarrant County poll tax receipts reached \$3,000 at midnight. Assessor-Collector Reed Stewart said he expected a final check of payments and exemptions to total 125,000.

The midnight total of poll tax receipts in Bexar County was 108,000, plus about 22,000 exemptions. The previous record was 86,672 poll taxes in 1948.

In Tom Green County, payments and exemptions totaled 17,520. Assessor-Collector L. D. Giles predicted today's mail would produce almost 1,500 more payments.

Wichita County reported 21,416 payments plus 3,900 exemptions. Assessor-Collector Jim Robinson predicted the total payments would reach 2,300 when all mail and reports are in.

Travis County assessor-collector Steve Heffington said he believed the county's 1952 poll taxes may equal the 1948 record of payments and exemptions totaling 43,368.

In Bowie County 17,000 receipts were issued plus about 2,000 exemptions. The assessor-collector's office called the issuance "undoubtedly the largest we have ever had in Bowie County."

## Party Line--- (Continued from Page 1)

known in circles over the nation which we hope to keep out of our community. When we on the local level come to honor a citizen for outstanding service, surely we want the award to be made on merit, not on the number of influential friends an individual may have, not on the aggressiveness of those friends, not on pressure that may be brought to bear on the judges. The community must want that, the Junior Chamber of Commerce must want it, and the recipient of the award must want it, for in no other way can the honor mean anything.

Frankly, it is my considered judgment that unless the award can be made on the basis originally planned—as a recognition of meritorious service—without outside influence on the judges, I think that it ought to be discontinued in fairness to the people of Vernon.

## DAMAGED IN QUAKE

Mexico City, Feb. 1. (AP)—Press reports from Southern Mexico said a strong earthquake damaged some buildings and shook down others yesterday but caused no personal injuries. The reports said the 30-second temblor came at 2:15 p. m. Seismographs here failed to register any unusually strong earth movements at that time.

### Cleburne High School Gets More Ex-Temple Coaches

Cleburne, Feb. 1. (AP)—Cleburne High School has almost wiped out Temple High School's football coaching staff.

Brooks Conover and Bentley Jones, assistant coaches at Temple, are coming here this year as head coach and line coach, respectively. Cleburne hasn't gone after Head Coach Ted Dawson of Temple at yet.

Conover, former football star at North Dallas High School and Texas A&M, has been head coach at Ennis, Borger, Brownsville and Orange. He also was an assistant coach at Odessa.

### Gonzalez to Operate Club At Greenville This Year

Greenville, Feb. 1. (AP)—A. C. Gonzalez, Del Rio, owner of the Greenville baseball franchise, says he definitely will operate the club in Greenville this year.

The franchise was moved here last December from Sherman. There have been rumors it would be returned to Sherman.

Gonzalez told W. B. Johnson, local club director, yesterday that the club would remain here.

## Ground Hog Expected To See Shadow

(By The Associated Press)

If the ground hog sticks his head out of his hole in Texas tomorrow, he'll probably cast a shadow.

The theory behind this quaint tradition is that bad weather is ahead if the ground hog casts a shadow. U. S. weather forecasters, however, point out that the ground hog's predictions are not infallible.

Last year when he emerged, the ground hog found snow and ice in most of Texas and subfreezing temperatures.

Heavy showers fell this morning along the Gulf Coast, while minimum temperatures ranged from a low of 31 degrees at Wink to a high of 66 at Brownsville.

Rainfall totals for the 24 hours ending at 6 a. m. were 2.32 inches at Galveston, 1.62 at Palacios and 1.19 at Houston. Austin reported .01, Beaumont .71, Corpus Christi .02, Palestine .12, Victoria .13, Texarkana .06, Lufkin .18, Tyler .26 and Bryan .11. A trace of rain fell at Dallas.

But forecasters said there was little chance of a general rain in sight for the State as January bowed out without any contribution toward relieving the dry lands.

Yesterday Presidio had a high afternoon temperature of 79.

## Federal Spending Scored by Taft

(By The Associated Press)

Senator Taft of Ohio, candidate for the Republican presidential nomination, says "fantastic" Government spending threatens American liberty and independence because it is leading the nation "straight down the road to Socialism."

And Socialism, he told guests at the meeting of the Delaware Chamber of Commerce at Wilmington last night, "is nothing more than the growing part of the Government plays in the life of the people."

He also took a crack at supporters of Gen. Dwight D. Eisenhower who claim solid support of the New York delegation for the general. He said the pledge of eight Taft delegates to a Queens County GOP leader is "significant of the truly grass roots Republican sentiment in New York City which has been steadily claimed by my opponents."

President Truman's comment that State primary elections are eyewash brought retorts from Republican contenders for his job.

"President Truman's statement is an example of the cynical attitude of the Pendergast machine toward the rights of the people," said Harold E. Stassen.

"The election process in this country is never eyewash," was California Gov. Earl Warren's comment.

Truman's remark at his weekly news conference followed his announcement he was taking his name out of the March 11 New Hampshire primary.

He made it clear this doesn't mean a thing—if he wants the Democratic nomination he can have it without going into any primary. Most Democrats agreed this was true.

But he still kept his plans to himself.

### Officers Unable to Reconstruct Shooting

Stephenville, Feb. 1. (AP)—Officers have been unable to reconstruct a shooting last night in which Mrs. Duke C. Cogdell was shot to death and her husband and daughter wounded.

Mrs. Cogdell was slain in the bedroom of her home. The husband was in a critical condition with two bullets near his heart. Betty, 14, was shot in the hip.

Dist. Atty. Sam Cleveland said last night Mrs. Cogdell was found on the bedroom floor, Cogdell on the bed, and a .22 caliber pistol on another bed. The daughter was in another bedroom.

## K-State to Lose Two Cage Players

Manhattan, Kas., Feb. 1. (AP)—Kansas State, which has been booming in basketball on a combination of excellent coaching and good recruiting, may lose a couple of its latest finds.

The Kansas State Athletic Council yesterday declared ineligible two former Omaha high school players following a protest by the University of Nebraska. Nebraska said the boys had been recruited illegally.

The players were identified as Stanley Schaezle and David Bell. Kansas State is rated No. 2 nationally in the Associated Press poll and leads the Big Seven Conference with four victories and no losses.

Coach Jack Gardner has repeatedly come up with outstanding teams after having graduated as many as three or four starters from quintets of the previous season. His squad depth has been consistently best in the conference.

## Texas Truck Drivers Join In Nine-State Walk Out

(By The Associated Press)

Texas truck drivers joined thousands of drivers from nine other Southern states today in a walk-out that threatened to tie up long-haul operations throughout the southeast and southwest.

The strike came at midnight after contract negotiations between the AFL Teamsters Unions and the companies collapsed.

Union officials said the drivers' strike also would idle thousands of warehousemen, and city pick-up and delivery drivers.

Affected are Texas, Oklahoma, Louisiana, Arkansas, Tennessee, Kentucky, Florida, Alabama, Mississippi and Georgia.

In Dallas, about 500 drivers from about 24 firms went on strike. The firms not struck are

### Anthrax Outbreak in Amarillo Area Eyed

Amarillo, Feb. 1. (AP)—State and county officials are investigating an outbreak of anthrax among livestock in the Amarillo area during the past two weeks.

Wilbur Levett, Randall County farmer, also was stricken by the disease. Hospital attendants said last night his condition was good.

The Livestock Sanitary Commission said at least eight head of cattle have died from the acute infectious disease. An undernumbered number of hogs have been infected.

A spokesman for the Commission said the disease was found in animals in widely scattered areas.

### Galveston Man Gets 18 Years in Slaying

Fairfax, Va., Feb. 1. (AP)—Rupert Julian Turbeville, 34, Galveston, Texas, was sentenced to 18 years in prison after his conviction yesterday of second degree murder in the slaying of Mrs. Ellen Floy Moody, 36.

Mrs. Moody was slain last Aug. 29 in a tourist cabin near Fort Belvoir, Va., where she lived with her husband and a son by a former marriage.

Turbeville testified that he and Mrs. Moody had lived as man and wife for several years before she married Sgt. Moody early last year. He testified he carried a gun on the day of the shooting because of threats made by Sgt. Moody.

MR. AND MRS. PAUL B. SCHOPPA

## Celebrate Silver Anniversary at Zion Parish Hall

Mr. and Mrs. Paul B. Schoppa of the Lockett community celebrated their silver wedding anniversary at the Zion Lutheran Parish Hall on Saturday evening, Jan. 26. Rev. E. R. Rathgeber, pastor of the Zion Lutheran Church, delivered the message for the occasion.

Approximately 115 guests were greeted by Mr. and Mrs. Schoppa. Their niece, Miss Doris Rummel, presided at the guest register. Mrs. Paul Schoppa, Jr., of Wichita Falls and Mrs. Joe LeBay of Vernon presided over the gift display.

A yellow and white theme was emphasized at the dining table with the wedding cake as the center of interest.

Immediately following the service, a barbecue supper and other refreshments were served. Members of the house party were Herbert K. Haseloff, August Schwartz and Mesdames Hubert Jansa, E. A. Woolf, Gerhard Schulz, August Schwartz and Martin Schulz.

Out-of-town guests present for the occasion were Mr. and Mrs. Sylvain Schoppa and family of Lubbock, Mr. and Mrs. Walter Nierlich of Lubbock, Mr. and Mrs. Otto Brady and son of Cordell, Okla., S. Sgt. and Mrs. Albert Ahrens and family of San Angelo, and Mr. and Mrs. Paul Schoppa, Jr., of Wichita Falls.

"We feel he is under obligation to make a public announcement on these matters," Green said yesterday after the presidential situation came before the administrative committee of the AFL League for Political Education.

Green said the records of President Truman, Sen. Robert A. Taft, Sen. Estes Kefauver and Gov. Earl Warren of California were all well known.

"The attitude of General Eisenhower," he added, "is not known except on military questions. To us, he is just a general."

**Mexico Has Wetback Problem on Two Sides**  
Oaxaca, Mexico, Feb. 1. (AP)—Mexico has a wetback problem on both borders.

While trying to keep Mexicans from migrating illegally to the United States, Mexico is trying to keep out illegal Guatemalan migrants.

Yesterday, a Government official estimated 5,000 Guatemalan wetbacks were working in Mexico. He said the illegal migrants swam the Suchiate River just as they do the Rio Grande, or cross the unmarked frontier. Many of them work on coffee plantations until they save money then return to Guatemala.

**Talent Night Is Announced Today**  
By Hawkins PTA

Announcement has been made today that the Hawkins School Parent-Teacher Association will sponsor a "Talent Night" show at 7:30 p. m. on Friday, Feb. 29, in the new Memorial Auditorium.

This show has been planned so that money from door admissions can be used for the purchase of window draperies for the Hawkins School auditorium. The draperies are needed to darken the auditorium for school movies, and they will be made of heavy wine velvet, lined and trimmed with gold fringe to match the stage curtain. The installed cost of the draperies will be \$790. This is the major project of the school's PTA for this year. It was started last year, and it is hoped to complete the project this year.

Invitations have been extended to all schools in the city and county to participate in the "Talent Night" show. Prizes will be awarded. Those taking part may sing, dance, do imitations, play musical instruments or present a play or skit. Pupils, teachers, parents or others may participate by invitation. Admission prices will be 40 cents for adults and ten cents for children under 12. Refreshments of coffee, cold drinks, cake and pie will be served at popular prices.

The Hawkins PTA finance chairman, Mrs. E. W. Featherston, is general chairman of arrangements for the event. She will be assisted by other members of the PTA executive board, acting as a steering committee. Other committees have been appointed and will be announced at a later date.

Mrs. George Richie, Jr., is president of the unit this year, and T. G. McCord is principal of the school.

**WHOOOPS—IT'S GIRLS!**  
Vermillion, S. D., Feb. 1. (AP)—The Carl Walz family, with six boys, were hoping for a girl. They had their wish today, three-fold. Triplet girls were born last night to Mrs. Walz. All are doing well and Walz, a farmer with a sizeable house eight miles north of here, is not worrying very much about where to put the new arrivals. The triplets, born within 45 minutes, weighed 4 pounds, 11 ounces; 4 pounds, 3 ounces; and 5 pounds, 8 ounces.

## Texas Mothers March to Get Funds to Fight Dread Polio

(By The Associated Press)

Women of Texas—some of them in wheelchairs—got out and marched last night from porchlight to porchlight to raise funds to fight polio.

Some of them had their children with them—children in wheelchairs or on crutches, victims of polio.

And by today, the money that the mothers' march on polio had collected in Texas ran into several hundred thousand dollars.

In Houston and Harris County alone, some 18,000 women collected an estimated \$75,000.

In Dallas, the counted total stood at \$50,273.85 this morning with estimated \$2,000 uncounted. In Fort Worth, some 10,000 mothers collected \$50,155.

Austin mothers collected \$19,724; Corpus Christi \$13,000; Beaumont \$12,000; Waco \$9,100; San Angelo \$11,000; Abilene \$6,300; Galveston \$7,458; Tyler \$2,250; Marshall \$3,088.46; Odessa \$10,053.87—and so the story went.

In most cases they were record collections. Just how many mothers marched was difficult to estimate but the state chairman, Mrs. R. O. Pearson, Abilene, had estimated there would be 150,000.

In Fort Worth, some children with polio, marched on crutches and wheelchairs with their mothers. In the porchlight brigade there was movie and TV actress Marie Wilson, who collected 112.46. When she visited the city-county hospital's polio ward, she broke down and cried for the children in their cribs. Later, checking out of her hotel she seized her hat and collected \$72.86 in the lobby.

In Dallas, C. W. Hamman pushed his wife, a polio victim, around in a wheelchair, while she collected contributions in a glass jar. Most of the marching women had glass jars from their pantry shelves. They stopped at the

homes where a porchlight was burning to show that the people inside wanted to help. In apartment houses, the people inside tied a handkerchief or a shoe to their doorknobs to show they wanted to help, too.

In some towns fire sirens, bells, and train locomotives sounded the start of the porchlight parade. In most cities it was on for an hour only—from 7 to 8 p. m., but the time varied in others.

The drive drew contests this year, after Wichita Falls challenged Dallas on a population basis. Just exactly who won wasn't sure this morning until Wichita Falls finished counting. But by 10:30 the Wichita Falls count was over \$32,000.

Then Waco and Corpus Christi challenged each other. Waco conceded last night. Houston challenged all comers.

All over the state the door bell ringing went like this: Harrison County—350 mothers worked in Marshall, Waskom, Hallsville and Karnack. Patrons at the drive-in theater and high school band concert also donated since they would not be at home when the mothers called.

Odessa—New records set with \$10,053.87 collected in the march putting the total over the \$25,000 goal.

Lubbock—Mothers collected some \$8,500, increasing the total in the march of \$16,145, still short of the \$20,000 goal.

Galveston—Mothers collected \$7,458. Tyler—Some 320 mothers braved early evening rain to collect \$2,250, swelling total to \$10,500. More than \$10,000 was spent in fighting polio in Smith county last year.

Midland—At midnight \$6,512.47 had been collected.

# Lions Fall to Pow-Packed Lamesa Quintet, 64 to 34

## Vernon Ends Travel With Midland Tilt

Lamesa, Feb. 1. — The Lamesa Tornadoes continued their drive toward the 1-AAA cage championship with a convincing 61-34 trouncing of the touring Vernon Lions cagers here Thursday night.

The Lions move on to Midland Friday night to meet the Bulldogs. Other Friday night action will send Sweetwater to Plainview and Lamesa to Big Spring to end first half play.

Lester Dye hit two quick field goals and James Tull a free toss to give the Lions an early 5-4 lead, the only time in the ball game they enjoyed such a position.

The Tornadoes, with Carlos Berry and Don Stevens hitting from all angles, swept into a 14-12 first quarter lead and then poured on the pressure to build up a 37-18 lead at halftime.

Vernon trailed 46-29 at the end of three periods and reserves finished most of the last quarter for both teams.

Berry and Stevens hit 22 points each for the Tornadoes while Ramon Towry and Tull got 11 each for the Lions.

It was the third straight loss for the Lion cagers and was their worst defeat of the season. Lamesa now leads the loop with a 4-0 mark, followed by Big Spring with 3-1, Midland with 2-2 and Vernon, Plainview and Sweetwater with 1-3 marks.

Dye fouled out in the final period for the Lions and Stevens and Howell fouled out for Lamesa in the final quarter.

The Lamesa Bees also came through with a win, outlasting the Vernon Bees, 49-42. Jack Bolton was high point man with 16 points followed by B. Stevens of Lamesa with 15.

## Off the Record

By  
**Bill Werley**  
Sports Editor

The Texas Interscholastic League has finally released its tentative baseball district setup for 1952 and decided to place Childress, Quanah, Vernon and Wichita Falls back into the same district as last season, District 4-AA.

This means that the Lions will field a baseball team in district play after all. Vernon school officials had previously indicated that should the Lions be placed in the 1-AAA football-basketball district for baseball that they would not operate in the TIL baseball setup.

They also had made the same move toward the Spring sport district, consisting of Graham, Breckenridge, Wichita Falls and other schools.

Rhea Williams, TIL athletic director, indicated in making the announcement that it was taken into consideration that baseball is a "non-paying sport and must of accord be subsidized by the school system."

He also indicated that every consideration was taken regarding Vernon and Wichita Falls, who are so placed in the State as to cause innumerable nightmares at the TIL office.

The two schools are the only two within a 175-mile radius of their size—thus making it extremely difficult for the TIL to place them in districts.

Of course, I realize that this TIL move was probably for the best as far as Vernon High School baseball is concerned, but here is what it causes:

Vernon now participates in basketball and football in one district, in track and scholastic events in another district and in baseball in still another district. The same is true of Wichita Falls.

If there were any more sports, then we would probably be in a different district for those, also.

Vernon and Wichita Falls will definitely field teams in the baseball district. It is supposed that Quanah and Childress will also. The Coyotes are the defending champions.

The TIL district setup also included Harrold, Lockett and Odell in 12-B for baseball purposes. It is also supposed that these three teams will participate in that sport this season.

## Favorites Upset In Golf Tourney

Hollywood, Fla., Feb. 1. (AP)—A major upset marked the opening round of the Hollywood Four-Ball golf tournament yesterday when the favored team—Mary Ann Downey of Baltimore, Md., and Mary Lena Faulk of Thomasville, Ga.—was sidelined.

Miss Downey and Miss Faulk, finalists in last week's Helen Lee Doherty tournament at Miami, were ousted, 1-up, by Kathy McKinnon of Lake Worth, Fla., and Mrs. H. V. Stone of Ware Shoals, S. C.

Other first round results included:

Marjorie Lindsay, Decatur, Ill., and Pat Garner, Midland, Texas, defeated Evelyn Odum, Miami, and Mrs. George Wilcox, Miami, 6 and 5.

## Lower Division Pin Teams Post Wins in Bowling Loop

Lower division teams in the Vernon Bowling League came through with wins Thursday night and one—M&M Cleaners—regained the second place position it lost last week.

The Cleaner keggers toppled the Standard Oilers two games out of three to move into the hotly contested runner-up position by a half-game margin.

M&M Cleaners was paced by John Lynn who set a new league record with a sizzling 563 series.

## Boudreau Sees 1-2-3 Finish For Red Sox

Boston, Feb. 1. (AP)—Although he's not counting on Slugger Ted Williams for the 1952 campaign, Manager Lou Boudreau still predicts a "one-two-three" finish for his Boston Red Sox.

The new Boston pilot left little doubt last night that he has written off the Sockers' \$100,000-a-year star who faces recall to active duty with the Marine air arm. His physical examination is set for April 2.

"The loss of Williams is definitely a big one," Boudreau told the Boston Baseball Writers' annual dinner audience. "But I want to say we will definitely finish one-two, or three—and we have our eyes on the No. 1 spot."

Just back from a good look at some of the youngsters attending the Sox' pre-training school in Sarasota, Fla., Boudreau was quite optimistic.

"We have some 35 boys down there," he said. "Some of them have had only one year of baseball experience. But I feel right now that I will keep at least six and possibly as many as ten when the season starts."

Despite his acknowledged problems, including retirement of veteran Second Baseman Bobby Doerr, loss of promising Southpaw Pitcher Leo Kiely to the Army, and what he feels is certain departure of Williams, Boudreau set a fighting keynote for next season.

"We are not going to give up until we are mathematically eliminated. We've put away the crying towels. Don't count the Red Sox out."

## Cardinal Hurler Gets Draft Notice

Leakeville, Miss., Feb. 1. (AP)—Wilmer (Vinegar Bend) Mizell, Texas League strikeout artist, will report for military induction Feb. 14 under orders announced yesterday.

The armed forces' gain will be the St. Louis Cardinals' loss. He had been tapped as a Card prospect after pacing the Texas League with 257 strikeouts last year.

He won 16 and lost 14 games, but held opposing teams to a 1.96 earned run average.

The Green County Draft Board reported his Selective Service call.

Mizell was classified 1-A after a physical examination last month. He said then that he hoped he could play baseball in the Army to keep his pitching arm in shape, and have enough "stuff" left after two years of military service to play major league ball.

## Hoffman Hotshots Post Win In Independent Cage Meet

The Hoffman Hotshots posted an initial win over Goodlett in the opening round of a cage tourney at Williams High. Wilson and C. Woodard paced the Hotshots.

Hoffman will meet Carey Friday night in the second round of the tournament.

He bettered the old record held by Clois Skipworth by eight pins. Richard Beck led the losers with a 529 series.

Collins Motor thumped the league-leading Susie Q Cafe team two games out of three. Team Captain Perry Moore led the Motor crew with a 513 series and H. A. Peters topped the Cafe keggers with a 483 series.

Lynn also took down high individual game honors for the night to go with his record series, posting a 201 game. Beck was second high with a 196 game.

Susie Q now leads the second place club by 16 games, a half-game separates second and third and three games separate third and fourth.

## Ted Williams Is Uncertain About Status

New York, Feb. 1. (AP)—Ted Williams' future in baseball still is as hazy to him as it is to everyone else.

The Boston Red Sox slugger, en route to Boston where he will appear in a sportsman's show, said today nothing definite has been decided as to whether he will take part in Spring practice or appear in early-season games prior to taking his physical examination for return to service as a captain in the Marine Air Corps.

"I have discussed my status with Red Sox officials and any announcement concerning my connection with the team must come from them," he said.

"I will return to Florida after appearing in the Boston sportsman's show and plan to talk to Joe Cronin there," Cronin is general manager of the Boston club. "Any speculation as to my future in baseball after my service is pure speculation and not worth the breath."

Williams, should he pass the physical April 2, will report May 2 for active duty.

## Former General Manager To Meet With Dallas Club

Dallas, Feb. 1. (AP)—Frank Fitzgerald, general manager of the New York Yankees, will be here within the next week to talk with the executive committee of the Dallas club which bought the Yankees.

Fitzgerald is one of the four men being considered for business manager of the National Football League team, renamed the Dallas Texans.

J. Curtis Sanford, spokesman for the Texans, said nothing definite would be done about a coach until the business manager is named.

## Top Ranked Cage Squads Post Wins

Denver, Feb. 1. (AP)—Wyoming's Cowboys tightened their lariat around second place in the Skyline Basketball Conference by romping, 58-45, over Colorado A&M last night for their sixth win against one loss.

Montana moved up the ladder to fourth place, ahead of Denver and Utah State, by snatching a 74-64 triumph from New Mexico. It was the Grizzlies third victory against four defeats.

St. Louis, the nation's sixth ranked team in this week's Associated Press poll, rolled over Ohio State of the Big Ten, 62-58. The Buckeyes staged a futile last quarter rally after trailing by 56-43.

Once beaten Penn State won its tenth straight, a 77 to 52 breeze over American University.

In other games, Georgetown (DC) whipped Canisius, 75-67, and South Carolina nipped Georgia, 62-61, on Johnny Peterson's field goal in the last minute of an overtime period.

## Woodson Named Arizona Mentor

Tucson, Ariz., Feb. 1. (AP)—Warren B. Woodson, head football coach at Hardin-Simmons University, will take over as head football coach at the University of Arizona.

The change was announced yesterday by Dr. Richard A. Harvill, university president.

Woodson is expected to arrive here within a week, in time to direct Spring football practice.

Woodson, a T-formation exponent, has seen his teams win one border conference championship and tie for the honor twice.

As athletic director at H-SU has won 58 games, lost 23 and tied six. He has an overall coaching record of 151 wins, 51 losses, and 15 ties.

A native of Fort Worth, Texas, he played football and basketball there. He graduated from Baylor University. From 1927 to 1934 he coached at Texarkana Junior College, Texarkana, Texas. From there he went to Arkansas State Teacher's College, Conway, Ark., from 1935 to 1940.

His new salary was not announced.

## Two Golfers Tied In Tucson Meet

Tucson, Ariz., Feb. 1. (AP)—Hungry newcomers and last year's big money winner were in the field that today began chasing Cary Middlecoff, Memphis, Tenn., and Jimmy Clark, Laguna Beach, Calif., in the second round of the \$10,000 Tucson Open golf tourney.

Neither of the leaders was satisfied with the five-under-par 65's they earned over the flat 6,402-yard El Rio Golf and Country Club course. Middlecoff felt he was lucky. Clark was disgusted. He missed an 18-inch putt on the last green that would have given him the lead to himself.

He wasn't nearly as disgusted as Jimmy Demaret. The brilliantly-garbed Texan who plays out of Ojai, Calif., needed 14 strokes to finish the 513-yard, par five, 18th hole. He drove five balls out of bounds as he tried to cut across a slight dog-leg. Those wasted strokes gave him 33-45—78 for the day. Even so, he grinned when he walked off the green.

Lloyd Mangrum, who took the major share of prize money in 1951, is one of ten tied for seventh place with scores of 68. He is as feared as when the tourney started.

Just two strokes behind the leaders with 67's are four lesser-known pros, Frank Champ, Lake Charles, La.; Doug Higgins, Fort Worth, Texas; Fred Hawkins, El Paso, Texas, and Max Evans, Detroit.

## Southwest Texas Cage Star Without Foul in Five Tilts

San Marcos, Feb. 1. (AP)—They call him Never Foul McDonald at Southwest Texas State.

The basketballer in question is Vernon McDonald, star guard for the rampaging, undefeated Bobcats. The fourth ranking score on Texas' top basketball team has gone without a foul in five consecutive games this season. In 17 games he has averaged slightly more than a foul per game, with 20 miscues.

In six other contests to date he has committed but one foul an outing. His closest brush with officials came in the season opener against Howard Payne and East Texas Baptist when he erred three times each.

He has looped 167 points this season for an average of 9.8 per game.

## Two Baseball Stars Named To Famous 'Hall of Fame'

New York, Feb. 1. (AP)—For the second straight year power has overshadowed pitching prowess in selections for baseball's Hall of Fame.

The nation's baseball writers reached into each of the major leagues today for the latest additions to the shrine at Cooperstown, N. Y. They honored the late

Harry Heilmann, a great right-handed hitter for Detroit in the '20s, and Paul (Big Poison) Waner, who came along a decade later to belt out base-hits for the Pittsburgh Pirates.

Two sluggers—Mell Ott of the New York Giants and Jimmy Foxx of the Philadelphia Athletics—were last year's nominees and no one was picked in 1950.

So the last pitcher to reach the Hall of Fame was Mordecai (Three-Finger) Brown, picked in 1949.

However, if this year's voting is a barometer of things to come, one of the pitching stars of the modern era probably will be honored in the near future.

That is Dizzy Dean, iron-winged righthander of the St. Louis Cardinals in the pre-World War II days, who was one of the four highest men in the balloting.

## Bearcats Set Cage Contest With Amarillo

The Washington Bearcats will meet the Amarillo Dragons here Saturday night in the new Bearcat gym in an important conference game. Game time has been set for 8:15.

The Bearcats downed the Dragones, 34-32, earlier in the season and a hotly contested basketball game is expected here.

Latest victory for the Bearcats, coached by John B. Phillips, was a 45-40 win over I. M. Terrell of Fort Worth, one of the State powerhouses.

The team record now stands at 12-3, with a scoring average of 52 points per game.

Gilbert "Chick" Gates leads the team scoring with 241 points followed by James Allen with 145 points.

**CHRISTIAN SCIENCE SERVICE**  
Corner Lamar and Marshall Sts.  
The knowledge that God loves all that  
He creates assures mankind of His care  
and protection, stresses the lesson-sermon  
to be read in Christian Science churches  
on Sunday. The Golden Text illustrates  
this theme: "We have known and believed  
the love that God hath to us, God is love;  
and he that dwelleth in love dwelleth in  
God, and God in him" (1 John 4:16).  
This Bible verse is included in the lesson-  
sermon: "How excellent is thy loving kind-  
ness, O God! therefore the children of men  
put their trust under the shadow of thy  
wings" (Psalm 36:7).  
That there is no place for evil in God's  
creation is made evident in these state-  
ments by Mary Baker Eddy in her text-  
book: "Divine Love is infinite. Therefore  
all that really exists is in and of God, and  
manifests His love." Science and Health  
with Key to the Scriptures, p. 340.

After every sowing there must some day be a reaping. In whatever church you may attend you'll be taught that "Whatsoever a man soweth, that shall he also reap." These men sowed wheat, good wheat, and as you can well see they are reaping a bountiful harvest.

stop, my brother—what of the seed you are sowing, as along life's way you go? Do you choose them with carefulness, knowing you're going to reap just what you sow? It may be thoughts and words you're sowing which into deeds will surely grow; bringing blessings or curses but—you're going to reap just what you sow

If you sow of the flesh do not expect to reap of the spirit, for you may be sure that by and by when your harvest you garner—you're going to reap just what you sow. Attend the church of your choice regularly and your sowing will be for glory and honor.

**A QUEER POINT OF VIEW ON TAXATION**

Tuesday the people of Dallas rejected bond issues and charter changes having to do with the borrowing capacity of the municipal corporation. It was said to be the first time in history that bonds proposed for public improvements were rejected by the voters.

This newspaper has no way of knowing the factors that entered into this unusual election result. Apparently those who sponsored the proposals were taken by surprise. They had expected approval because there seemed to be no other way of financing desperately needed improvements, such as street widening, street paving and extension of other urban services to newly developed sections of the city. And because there seemed to be no other way approval was taken for granted.

Voters who would have been called upon to pay the additional taxes apparently decided the proposed improvements either were not needed or cost more than the community could afford. It is not hard to understand such an attitude, although it is sometimes difficult to support it with logical reasoning. We all want the fullest measure of municipal services. We like paved streets, storm sewers and all the rest, but we do not always realize that such things cost money, and in these days of inflation unreasonably large sums of money.

The average citizen will raise no serious objection to increased costs in other fields and yet become unreasonable when it is proposed to increase the cost of government sufficiently to meet rising prices. We will pay twice as much as formerly for an automobile, a suit of clothes, two or three times as much for groceries, and then take the position that local government costs must remain at the old levels. The odd fact about this is that we accept increases in State and Federal taxes with little or no protest.

Maybe it is because we can't get at the spenders in Austin or Washington but we can do something about affairs at the local courthouse or city hall.

**INVESTIGATOR MUST FACE AN INVESTIGATION**

If, by designating the Attorney General as the official to have charge of the cleaning up of graft in the Government service, President Truman hoped to head off a Congressional inquiry into the Department's affairs he will be disappointed. It had been reported that top Administration leaders in Congress had been exerting every possible influence to prevent such an investigation but the House Judiciary Committee gave its reply Tuesday when it ordered by unanimous vote a full investigation of the Department of Justice, including activities of the Attorney General.

The committee action cannot be charged to Republicans, since Democrats outnumber Republicans on the committee. Neither can the action be charged to the much-publicized tendency of conservative Southern Democrats to vote with Republicans. The report is that all members of the committee voted for the investigation. So the action gives emphatic endorsement to the idea that there is a grave question as to the fitness of Mr. McGrath to serve as chief of the Government's legal service.

And this feeling is not founded on rumor. Disclosures in the case of T. Lamar Caudle, as well as numerous other cases prove the Attorney General has been strangely lacking in diligence in connection with his official duties. There was considerable talk about the need for investigating the Department of Justice at the time President Truman announced he had asked McGrath to have charge of the official housecleaning, but it was ignored.

But, of course, there would have been no need for investigation or special inquiries if the Department of Justice had been functioning properly. Obviously, the House Judiciary Committee doesn't agree with President Truman about the fitness of Attorney General McGrath to act as chief prosecutor of official misconduct.

A dollar may not go very far, but usually it travels far enough so that it never finds its way back.

There would be a whole lot more divorces if husbands had a trade-in value like today's cars.

Your reputation is like the bubble that bursts when you try to blow it up yourself.

The man who is down on everything is usually up on nothing.

**Church of Christ Program Slated**

Abilene, Feb. 1.—A coast-to-coast radio program supported by members of the Church of Christ will be broadcast weekly over the national network of the American Broadcasting Company beginning Sunday, Feb. 10, officers of Abilene's Highland Street Church of Christ, announced today. The program will be called "The Herald of Truth." Church leaders declare that this will be the first time members of the church in the United States have used radio on a nation-wide scale.

Members of 125 Texas congregations have been invited to participate in a service here Sunday, Feb. 3, at 3 p. m., when the first program will be transcribed for broadcast the following Sunday.

Signing of the contract with ABC for weekly 30-minute programs was the result of efforts started by James W. Nichols, of Abilene, a 24-year-old evangelist.

When he graduated from Abilene Christian College in 1947, Nichols went to Cedar Rapids, Iowa, to do graduate work in speech in the University of Iowa and to do evangelistic work. Four months later he began preaching over a Cedar Rapids station. After three and one-half years he contacted James D. Willeford, another Abilene Christian College graduate, who was preaching over a Madison, Wisc., station. They joined forces and by September, 1950, were being heard over six stations.

**Convicted Slayer Gets His Sixth Reprieve**

Austin, Feb. 1. (UP)—A sixth reprieve for Bob Wall, convicted in the slaying of a Waco nightwatchman, was granted by Lt. Gov. Ben Ramsey yesterday on the eve of the condemned man's scheduled execution.

The clemency, a 60-day stay of execution, was recommended by the Board of Pardons and Paroles on a plea of Wall's attorney, former State Senator G. C. Morris of Greenville.

Morris wrote the board that Wall's alleged companion in the murder of Jacob Coleman, is also under death sentence but not scheduled to go to the electric chair until March 23.

Morris said Wall should be given a reprieve until final sentence has been carried out for James D. Craft.

**TO VISIT DALLAS**  
Houston, Feb. 1. (UP)—William T. Pfeiffer of New York, a leader in the National Eisenhower-for-President campaign, will be in Dallas Feb. 4 for the opening of the Texas Eisenhower headquarters. Jack Porter, leader of Eisenhower forces in Texas, said Pfeiffer would represent Sen. Henry Cabot Lodge at the opening. Pfeiffer is a former Texan and a former member of Congress from New York State. He once practiced law in Amarillo.

### NEW WONDER CAPSULE MAY GET AT THE REAL CAUSE OF YOUR TIRED, NERVOUS FEELING

There is no need to suffer from these symptoms, along with constipation, insomnia and loss of appetite, if they are due to dietary deficiencies which occur only when the daily intake of B-vitamins and Niacin is less than the daily requirement over a prolonged period. These non-specific symptoms in themselves do not prove a dietary deficiency and may have other causes or be due to functional conditions. However, if that is the reason for your misery and sufferings, a new wonder-working capsule—BEXEL SPECIAL FORMULA—may end your complaints in an amazingly short time.

#### Essential Vitamins and Minerals

Sensational BEXEL SPECIAL FORMULA comes to you in easy-to-take, safety-sealed capsules that contain the essential B-vitamins, Iron and other minerals known to be essential in human nutrition and other factors as well...including important Vitamin B<sub>12</sub>.

**You Feel Better After One Bottle**—You take just one BEXEL SPECIAL FORMULA capsule a day...at a cost of only 6¢...and from the very first one...you're on your way to new energy, new sparkle, new zest for living. ...OR YOUR MONEY BACK!

### Prescriptions FIRST

Our unwavering policy is to serve prescription patrons first. Due to the urgent nature of their visit, we feel professionally obligated to give their prescriptions our immediate and undivided attention—and our laboratory is equipped and staffed to carry out this obligation. A competent, experienced pharmacist is always on duty and it is a certainty that the drugs your doctor prescribed are in our stock prescription ingredients. Prescriptions come first with us because Pharmacy is our Profession—not a sideline.

### "Miracle Drug" say SURIN Users

Pains of Arthritis, Rheumatism, Neuritis, Lumbago, Bursitis\* Relief Can Start In Minutes

There's no internal dosing with SURIN. Nothing to swallow and wait anxiously for relief. You simply apply SURIN right at the point of pain and blessed relief starts as penetration beneath the skin gets under way. Of course there's a reason for this wonder-working new external fast pain relief medicine. It's methacholine, a recent chemical born of research in a great laboratory. It acts speedily to aid penetration of SURIN's pain-quelling ingredients. Methacholine also causes deeper, longer-lasting pain relief and increased speed-up of local blood supply. Tested on chronic rheumatism in large university hospital it brought fast relief to 73% patients and in home-for-the-aged 77%. Totally different from old-fashioned rub and liniments, modern SURIN brings faster relief, longer without burning or blistering; without unpleasant odor or grease. Simply smooth on SURIN at the point of pain and feel pain ease in minutes. Money-back at your drug store if SURIN doesn't relieve muscle pain faster and better than anything you've ever used. A generous jar costs \$1.25. \*SURIN is not a cure for any of these conditions. McKesson & Robbins, Inc., Bridgeport 9, Conn.

# Tarzan

by EDGAR RICE BURROUGHS

WHEN TUSKER STAGGERED, HALF-DELIRIOUS, INTO THE PYGMY VILLAGE, A WARRIOR AIMED HIS BLOW-GUN --- AND WAS IMMEDIATELY FELLED BY A DEADLY ARROW!

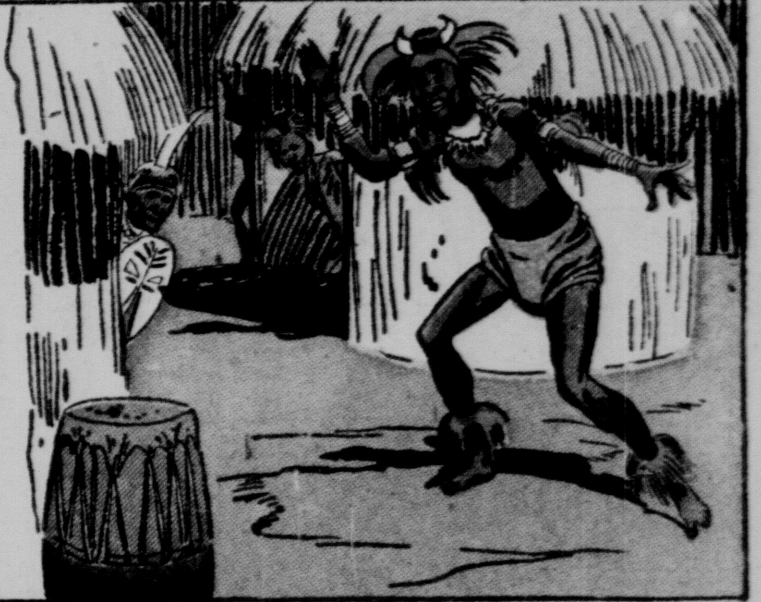

SOON OTHER ARROWS DROPPED MORE OF THE BEWILDERED Foe. TARZAN, HIDDEN IN THE TREES, WAS FORCED INTO HASTY ACTION BY TUSKER'S BLUNDER. SUDDENLY HIS BOOMING VOICE RESOUNDED THROUGHOUT THE VILLAGE. "GET THE GIRL, WHITE MAN, AND FLEE TO THE FOREST--IF ANY OTHERS TRY TO STOP YOU, THEY DIE!"

PANIC-STRICKEN BY THIS DEMONIC VOICE, THE SUPERSTITIOUS PYGMIES FLED TO THEIR HUTS--WHILE TUSKER URGED LYNN TO TAKE THIS MIRACULOUS ADVANTAGE!

BUT THE CRAFTY SOBU RECOGNIZED THE APE-MAN'S VOICE. "IT'S A TRICK!" HE SCREAMED. "AFTER THEM!"

MEANWHILE, TARZAN HAD LEAPED DOWN TO HELP HIS FRIENDS, BUT WHEN THE PYGMIES INVESTIGATED SOBU'S WARNING AND SAW ONLY ANOTHER WHITE MAN, THEY TOOK UP THE CHASE WITH RENEWED COURAGE!
